QUANTUM

FOLDING CLOSURE

The Quantum Folding Closure, designed and manufactured in New Zealand, offers a unique and practical solution for both internal and external applications. This folding closure eliminates the need for a custom bulkhead to be built or a motor to be installed, providing a cost-effective alternative. Suitable for various settings, including shopfronts, cafes, reception areas, and bars, the Quantum Folding Closure combines functionality with versatility. Its innovative design ensures easy operation and secure closure, enhancing both security and convenience.

QUANTUM FOLDING CLOSURE
